b. the president, secretary, owner, or general manager of an affiliated club may nominate any financial member of that affiliated club (the candidate) to serve in a management committee position.

c. nominations must be:

d. a list of the candidates' names in alphabetical order, the position for which each candidate is nominated and the names of the members who nominated each candidate, must be open for inspection by members of the association for at least seven days immediately preceding the general meeting.

e. if required by the management committee, balloting lists must be prepared containing the names of the candidates in order determined by lot.

f. each club delegate present at the general meeting may vote for one candidate for each vacant management committee position. Any equality in voting is decided as follows:

i if there are two candidates for a vacant management committee position and both candidates receive an equal number of votes, voting is determined by lot; and

ii if there are three or more candidates for a vacant management committee position and two or more candidates receive an equal highest number of votes, a second vote is conducted between only those candidates who received the equal highest number of votes. In the event that following the second vote, two or more candidates receive an equal highest number of votes, voting is determined by lot.

g. if there is only one candidate for a vacant management committee position, the candidate is declared elected if approved by a majority of club delegates present and voting. If the candidate is not approved, nominations for the position may be taken from the floor of the meeting.

h. if, at the start of the general meeting, there are no candidates nominated for any vacant management committee position, nominations for that position may be taken from the floor of the meeting; and

i. if no candidate is elected to any vacant management committee position, a casual vacancy is deemed to have occurred in that position.
